

Inpatient Rehabilitation Unit

2017 DISCLOSURE STATEMENT

The Rehabilitation Unit at East Jefferson General Hospital provided rehabilitation services to 309 patients last year. Services include physical therapy, occupational therapy, speech therapy, social work/case management, rehabilitation medicine and 24-hour rehabilitation nursing.

Competency of licensed and registered clinicians is tested annually. We do not treat patients who are ventilator dependent, have a C4 complete spinal cord injury or above, have active TB, or patients who are under the age of 18. If the services we provide do not meet the needs of our patients, recommendations for alternative services will be made by the rehab team.

Our Commitment To You

It is the policy of the Rehab Unit at EJGH that all team members will act in a manner consistent with the mission, philosophy and operating policies of the program. In accordance with these principles and policies, team members will:

- Show respect for the dignity of the individual whether patient, family member, co-worker, client or any other person.
- Provide the highest quality clinical and customer related services.
- Demonstrate fairness and honesty in all interactions with the public.
- Adhere to their professional codes and practice guidelines.
- Provide an accurate portrayal of the services and outcomes of the program.
- Be ethical in all marketing and public relations activities.
