

Cardiac Patient Care Navigator East Jefferson General Hospital Call Center

The physicians at East Jefferson General Hospital have requested that a registered nurse be available to provide telephone follow-up after your hospital stay to monitor your progress following discharge. The Cardiac Patient Care Navigator Nurse will contact you approximately 3-5 days after your discharge, then at one month after your discharge. Participation is voluntary; however, we would like to have you as an active participant in our program. Please feel free to contact the Cardiac Patient Care Navigator Nurse for any questions regarding discharge instructions or if you are uncertain about some aspect of your care.

The Cardiac Patient Care Navigator Nurse can be reached at (504) 503-6489. Call Center hours are Monday-Friday from 8:30am to 4:30pm. Please call MD or 911 for urgent calls.
